

Holiday Recipe Swap

A recipe is a story that ends with a good meal.

Ask your residents to write down their favorite dessert recipes. If they are having trouble remembering ingredients, offer to research the recipe and print it for them. Once everyone has their recipe written or printed, encourage residents to read them aloud to the group.

Combine all of the recipes into a community cookbook, and, if your residents are excited about one of the desserts, schedule a day to bake that recipe.

Reach out to join our daily live programming community!
